

Media Production & New Technology, B.S.

C. S. Mott Community College

This bachelor’s degree program focuses on a wide variety of production careers such as music recording and corporate video. Students use professionally equipped studios to learn concepts and apply them to create award-winning media content. The department’s labs include professional audio and video equipment using the latest digital technology such as Digidesign ProTools, Final Cut Pro, and Trinity.

Michigan Transfer Agreement (MTA): Students who transfer to Northern Michigan University from a Michigan community college who have *Michigan Transfer Agreement Satisfied* posted on their transcript will be considered to have met the requirements of NMU’s Liberal Studies/General Education program. Students will still be expected to complete all other degree requirements, including graduation requirements (world cultures, health promotions, and lab) and any courses listed as “Other Required Courses” that may also be Liberal Studies/General Education courses. Degree requirements can be found at www.nmu.edu/catalog. Transfer students who do not complete the entire block of courses required by the MTA will receive credit for courses they do complete on the basis of individual evaluation and established transfer equivalencies.
