Radiography (X-Ray Technology) training is obtained at Hurley Medical Center. MCC offers appropriate coursework to increase students' chances for admission into the training program. These courses do not lead to a degree at MCC.

Students seeking admission must have:

1. High school diploma or G.E.D.
2. High school transcript/college transcript of all coursework completed.
3. High school transcript reviewed by an advisor; a 2.0 or better in the following high school courses:
   - English: 4 years or G.E.D.
   - Algebra: 1 year
   - Geometry: 1 year
   - Biology: 1 year
   - Chemistry: 1 year
   - Physics: 1 year or Physical Science
4. If the above courses have not been completed at high school the following courses from the list of General Requirement Courses listed below must be completed:
   - ENGL 101
   - PHSC 191 (prior to CHEM 118/CHEM 111, if possible)
   - CHEM 118 or CHEM 111
   - BIOL 107
5. All General Requirement Courses listed below must be completed with a 2.0 grade or better.

Graduation:
Remember to file an application for graduation with the Registration & Cashier’s Office as soon as you register for your final semester.

Program Admission:

Admission to the program is competitive, and successful applicants usually have two years of course preparation to complete at Hurley Medical Center. The 24 month program begins each year at the end of August. Students spend 40 hours (1st shift) per week in supervised academic and clinical work and rotate through diagnostic sections of the radiology department, plus the cardiac catheterization lab, radiation therapy/oncology, nuclear medicine, ultrasound and computer tomography. Required classes include radiation physics, medical terminology and radiographic position.

Application Process:

1. Deadline - April 1st.
2. Apply when support coursework is completed.
3. Health Occupation Aptitude Testing - Hurley Medical Center
4. Health Physical.
5. Personal interview with a hospital admissions committee.
6. Approximately 20-30 applications are received annually.
7. 12 students selected per year (7 students and 5 alternates).

Tuition and book fee for two year course is approximately $3,500 (books may be extra).

Upon Completion of the Program:
National Board Testing done during October, March and July.

For additional information contact: Hurley Medical Center (1-810-257-9210), School of Radiologic Technology.
