This state licensed program provides for the required 400 hours of specialized instruction and application of skills necessary to pass the State Board exams for a Specialty License in Esthetics in the cosmetic services field and it provides necessary business education to assist the student in advancing their business and career. Students will be trained to help maintain the health of the facial and body skin by using correct cleansing methods, increasing circulation, relaxing nerves, and activating the skin glands and metabolism through massage. Successful completion of the Esthetics courses will enable the student to take the State Board examination for licensure in Esthetics. Career options include beauty salons, day spas, assistant to dermatologists or cosmetic surgeons, skin care specialist in a hospital setting including pre- and post-operative care, makeup artist, cruise lines, manufacturer's representative, corrective skin care specialist, and corrective makeup artist. The business education component consists of classes in introduction to business, computer applications, and small business management.
